SHOCK CASH-IN-TRANSIT PROTECTION

Shock FA-28 Trolley

APPLICATION: Effective and secure cross-pavement carrier of bulk cash and valuables.

Used effectively by South African Cash-in-Transit Bank Consortiums, Cash Centres, Cash-in-transit Security Contracting Companies, Mines and Casino's.

Features include:

- Long range remote control activation, 50-100 metres.
- High voltage, non-lethal, safe yet effective shock throughout moneybag and handle.
- Ear-piercing siren (110-dB) to attract unwanted attention.
- Fully rechargeable complete with Ni-Cad battery and Charger.
- Heavy-duty double walled PVC and Cordura moneybag incorporating cables throughout to prevent bag from being cut with a knife. The cables also conduct the electronic shock deterrent when activated.
- Steel construction, collapsible folding nose for transport convenience.
- Detachable sealed electronic insert for easy maintenance.
- Optional: Smoke and dye pack detonation.
- Optional: Ballistic housing to protect electronic software.
- Tested by South African Authorities.
- Fully warranted in accordance with the Force Manufacturing warranty.
